Aims and Scope

As confirmed with Baosteel, the **BAJC Annual Project Review Meeting 2016** - annual review of BAJC projects for Year 2015 is scheduled to be conducted on **Tuesday February 23, 2016**, in conjunction with the **BAJC Conference 2016** - the 4th BAJC Annual Conference that will be held in the **Hobart Function and Conference Centre (HFCC)**, located in 1 Elizabeth St, Hobart TAS 7000 Tasmania on **Monday February 22, 2016**.

Annual review on projects is an important component for the BAJC R&D program to be successful, providing the further assessment on the progress reports from each BAJC projects. The continued funding for BAJC projects is contingent upon reasonable and satisfactory progress being achieved.

As the same procedure applied during the last BAJC Conference held in Sydney early this year, the **BAJC Annual Project Review Meeting 2016** will be conducted by Technical Advisory Committee (TAC) in format of project-by-project as well. The review meeting is open only to TAC and the associated team members of the project to be reviewed. Leading Chief Investigators (CIs) are required to present their key outcomes and achievements against the milestones of their projects at the review meeting. Any Leading CI who cannot make the meeting should arrange an associate CI or a key team member to present the meeting on her/his behalf.

All the projects need to provide a **Two-page Executive Summary** for the TAC review associated the project review meeting to summarize the important achievements in 2015 from their projects before the review meeting.

All project CIs are expected to be available for the Project Review Meeting and the Conference 2016. The tentative program we have set for you for the review meeting is enclosed as follows for your information. You should check the program to pay an attention to the time slot scheduled for your project, pencil this important event on your dairy, and make the suitable travel plan correspondingly at your earliest convenience. Please contact BAJC as early as possible if the schedule does not suit you and you may need an alternative time slot.

All the Rounds 2-4 projects will be reviewed in the project meeting on **Tuesday February 23, 2016**. For Round 1 projects, the CIs who have received leveraged grants such as ARC Linkage or have been approved for funding carrying forward are required for project review by presentation in the Annual Conference on Monday February 22, 2016, as invited presenters of the Annual Conference.

Following the project review meeting, Technical Advisory Committee (TAC) will make recommendation on the performance of each project to the Board and Baosteel. Then BAJC will issue the notification to each project to inform the results from the project review and TAC assessment and confirm or terminate the continued funding of the project.

We will have a complimentary Conference Dinner on Monday February 22, 2016, and all of CIs are welcome to attend it, subject to registration. The venue for the conference dinner is to be advised.

Venue

The venue for the Conference and Project Review Meeting will be in the Hobart Function and Conference Centre (HFCC), located in 1 Elizabeth St, Hobart TAS 7000 Tasmania, referring to website www.hfcc.com.au/ for further information.

Accommodation and Transportation

Attendees are to make their own accommodation and transportation arrangements.

Important Dates

Deadline of Abstract submission: February 12, 2016
Submission of PPT Presentation: February 20, 2016
