

BAJC News Highlights:

- The BAJC 5th Conference was successfully held at vibrant Gold Coast on 20 February 2017. There were 25 participants presented their research work in areas of Energy Materials, Light Metal and Metallurgy. A Conference dinner was followed for all attendees, some BAJC Board members joined dinner, together to celebrate a successful day of presentations.
- The BAJC Board meeting was also held on 20 February 2017. We have a new Board member from Baosteel, Dr Shiwei Xu who replaced Dr Jian Yang. The Board members discussed key issues of the centre and a few action items to follow up in next Board Meeting.
- The BAJC Annual Project Review and TAP Meeting were conducted on 21 February. All Chief Investigators presented and reported their project progress. Project Review Notification letters were distributed to all CIs.
