

# Merry Christmas & Happy New Year!

Seasonal Greetings from Baosteel-Australia Joint Research and Development Centre! We would like to take this opportunity to sincerely thank all participants of the Centre for their ongoing support: Baosteel, the Board, the Technical Advisory Panel (TAP), Project Leaders, applicants and everyone else who has provided valuable feedback, assistance and encouragement.

We would especially thank UQ Senior Management, Executives of the EAIT Faculty and staff and administration of the School of Chemical Engineering, for their continued support with the Centre's operation. We will continuously do our best to create an internationally recognised Centre of excellence.

This year celebrates a new five-year commitment that brings Baosteel's investment in the Centre with \$10million in cash plus an additional \$4million as in-kind support. Our portfolio has grown to 40 projects since 2011. A key focus for the Centre over the next five years will be to progress the discoveries and processes arising from the research activities to commercial development.

BAJC looks forward to working with everyone in the coming year and would like to wish everyone a very Merry Christmas and a prosperous New Year.

With Warm Regards,

Executive Team:

*Prof Victor Rudolph*

*Prof Geoff Wang*

*Mr Yongzhu Ma*

*Ms Cathy Yuan*
