

[BAJC R&D Fund 2019 Call for Applications](#)

Background

Baosteel-Australia Joint Research and Development Centre (BAJC) is delighted to announce that we will continue the **BAJC Research and Development Fund** program, providing funding support for research projects to develop innovative technologies of interest to Baosteel.

The **BAJC Research and Development Fund 2019** now open for applications. The funded projects are expected to commence from 1st January 2019. The successful projects will receive grant up to AUD \$100,000 to \$150,000 per year for a maximum duration of 3 years from Baosteel, with potential additional funding opportunities from Australia funding bodies, such as ARC Linkage Grant.

Application Process

The selection application follows a two-stage process - Expression of Interest (EOI) and Full Proposal. An EOI succinctly outlining the project proposal is invited to submit to BAJC in the prescribed [EOI Template](#) to admin@bajc.org.au by due date.

After evaluation by the selection committee of Baosteel, only highly ranked EOIs will be invited to submit full proposals for further evaluation process. Baosteel review full proposals and make recommendation to the Centre Board for approval.

Due Date

The deadline for EOI submissions is **Monday 7th May 2018**.

More Information

More information about the program, [funding guidelines](#) and application forms ([EOI Template](#)) are available at <http://www.bajc.org.au/online-resources>
